

A2_KO All mice are KO (light information from clocklab is **correct** for all these mice)

4/20 install

5/4 DD

5/26 light pulse 14:30-20:30

6/22 light pulse 18-24

7/13 light pulse 11-17

8/3 light pulse 22-4 (light information from clocklab is correct)

8/24 light pulse 17:30-23:30(light information from clocklab is correct)

9/15/13 light pulse 7-13(light information from clocklab is correct)

A2_WT All mice are WT

4/20 install

5/4 DD

5/26 light pulse 9:30-15:30 (light information from clocklab is correct for this pulse)

6/22 light pulse 11-17 (light information from clocklab is wrong)

7/13 light pulse 11-17(done in A4, light information from clocklab is **correct**)

8/3 light pulse 16-22(done in A4, light information from clocklab is correct)

8/24 light pulse 6:30-12:30(light information from clocklab is correct)

9/15/13 light pulse 22:30-4:30(light information from clocklab is correct)

A3_KO all mice are KO (light information from clocklab is wrong)

All mice are KO

4/3/17 Install

4/18/17 DD

5/10 light pulse 5:12-11:12

6/1 light pulse 11-17

6/22 light pulse 6-12

7/13 light pulse 22-4, no light information from clocklab

8/3 light pulse 23-5 (no lights information from clocklab)

8/24 light pulse 18:30-0:30(no information from clocklab)

9/15/13 light pulse 7:00-13:00(light information from clocklab is correct)

A4_WT All mice are WT

4/3/17 Install

4/18/17 DD

5/10 light pulse 11:50-17:50 light information from clocklab is wrong

6/1 light pulse 4-10 light information from clocklab is wrong

6/22 light pulse 11-17 light information from clocklab is wrong

7/13 light pulse 10-16 (A2 WTs are here) light information from clocklab is correct

8/3 light pulse 16-22 light information from clocklab is correct

8/24 light pulse 6:30-12:30(light information from clocklab is correct)

9/15/13 light pulse 22:30-4:30(light information from clocklab is correct)

C2 (WT, KO), install 6/15/17, 2w LD, DD 37 days and first light pulse 8/3

8/3 light pulse 12-18, light information from clocklab is correct (due to the cage change schedule 7-25change, 8/2 light pulse, use onsets from 7/27-8/2 7 onsets).

8/24 light pulse 5-11(light information from clocklab is correct)

9/16/13 light pulse 3:30-9:30(light information from clocklab is correct) (please notice the date)
